School Annual Report 2025-26

I take immense pride in presenting the annual report for the academic year 2025-26.

I would like to begin by our school's motto, "Learning where merit and values converge," This legacy guides us in preparing students for a bright future. With the strong support of our management and the dedication of our qualified and passionate teachers, our school is steadily progressing in all areas.

INTRODUCTION

Punjab Public Senior Secondary School, Brahman Majra, Patiala, has always remained committed to providing quality education with a balanced focus on academics, discipline, values, creativity, leadership, and holistic development of students. The academic session 2025–2026 has been marked with innovative initiatives, student participation, staff dedication, and continuous progress in every sphere of school education.

The school management, principal, staff members, students, and parents worked together with dedication and determination to ensure excellence in academics, co-curricular activities, sports, moral education, and social awareness. Throughout the session, various educational, cultural, social, and awareness activities were conducted to nurture responsible citizens and lifelong learners.

This annual report presents the major achievements, activities, academic progress, and institutional developments during the session 2025–2026.

VISION AND MISSION

Vision- To impart value-based education with modern learning methodologies and to prepare students to become responsible, confident, and compassionate global citizens.

- **Mission-** To provide quality education in a disciplined and positive environment.
- To encourage critical thinking, creativity, and innovation.
- To develop moral values, leadership qualities, and social responsibility.
- To ensure holistic growth through academics, sports, and co-curricular activities.
- To create a learner-centered environment with equal opportunities for all students.

ACADEMIC ACHIEVEMENTS

The school maintained a high academic standard throughout the session with systematic planning, regular assessments, remedial classes, enrichment programs, practical learning experiences, and continuous monitoring of students' progress.

Academic Planning

- Annual curriculum planning was prepared at the beginning of the session.
- Monthly syllabus targets were implemented for every class.
- Subject-wise lesson plans and activity-based learning methods were followed.
- Smart classroom teaching techniques and digital learning resources were utilized.
- Regular revision schedules and doubt-clearing sessions were conducted.
- Special remedial classes were arranged for slow learners.
- Enrichment activities and advanced worksheets were provided to meritorious students.
- Assessment and Evaluation Periodic tests, half-yearly examinations, pre-board examinations, and annual examinations were conducted systematically.
- Continuous Comprehensive Evaluation methods were adopted.
- Students' progress reports were regularly shared with parents.
- Performance analysis meetings were conducted after every examination.

CLASS X BOARD RESULT

The school achieved excellent results due to the consistent efforts of students, teachers, and parents.

- Highlights of Class X Result High overall pass percentage achieved.
- Subject toppers were recognized and appreciated.
- Special mentoring and revision classes contributed significantly to student success.

- Initiatives for Board Classes Daily revision schedules.
- Extra classes for Mathematics, Science, English, and Social Science.
- Weekly test series and answer-writing practice.
