

PUNJAB PUBLIC SENIOR SECONDARY SCHOOL, BRAHMAN MAJRA

Dated:30 July 2026

"Ek Ped Maa Ke Naam" Plantation Drive

To promote environmental awareness and encourage students to contribute towards a greener future, Punjab Public Senior Secondary School, Brahman Majra enthusiastically organized the "Ek Ped Maa Ke Naam" plantation drive under the initiative of CBSE.

The programme began with a brief address highlighting the importance of trees in maintaining ecological balance and the emotional significance of dedicating a tree to one's mother as a symbol of love, gratitude, and care. The principal inspired students to become responsible citizens by protecting nature and nurturing the saplings they plant.

Students, teachers, and school staff actively participated in the plantation drive by planting various saplings in the school campus. Each participant pledged to care for the planted trees and spread awareness about environmental conservation in their families and communities.

The event concluded with a vote of thanks, reinforcing the message that every tree planted today is a step towards a healthier and greener tomorrow. The programme was a great success and inspired everyone to contribute towards a sustainable environment.

Regards
